Freelance Graphic & Web Design Consultant – Hybrid

Apr 2015 – Present

Kate E. Durr Professional – Columbus, OH

- Work with various design programs to complete design assignments based on client requests and requirements to fit their time and budget
- Manage client correspondence (sometimes using Google Translate as interpreter) and independent business requirements
- Set up and maintain appointments with clients to maintain quality service and support resolution
- Complete a wide range of design tasks including logo design, branding, print and digital advertising, social media management, website design and management, and 2-D animation

Production Manager

Aug 2016 – Dec 2018

UX/UI Designer, Graphic Designer, Web Designer, Copywriter, Photography Manager

Cardinal Health, Inc. – Columbus, OH

- Worked as the single, head designer on a multi-million dollar ecommerce website redesign project for the Cardinal Health B2B platform containing over 100,000 medical products
- Wireframed, designed, published, and updated webpage mockups built for CMS authoring through AEM. Website updated from workflows as old as 1999. Used Adobe CC, InVision, Zeplin, Jira, and Confluence as part of an Agile workflow
- Established, managed, maintained, and distributed Cardinal Health Market standard photography and 360 degree photography style guides and processes
- Wrote user experience and design functionality requirements
- Communicated with on-shore and off-shore development teams, business units, and business managers directly to ensure requirements were met across applications
- Worked with developers on writing and implementing front-end code as it was necessary to produce exact results based on wireframes
- Designed, authored, and implemented targeted and segmented promotional content using Adobe Photoshop and AEM
